

### Basic Instructions:

- 1) Take a print of vehicle number on stencil
- 2) Check stencils to make sure they match vehicle number exactly.
- 3) Peel each stencil from the backing and,

- 3) Place the shiny side of the stencil against glass.  
(Gently press out any air bubbles that may be under stencil)

- 4) Apply etching cream to the numbers and letters printed on the stencil.

4b) Afterwards, carefully peel stencil from the glass, stick it on other glass and Apply etching cream to the numbers and letters printed on the stencil again .....apply on all the glasses on the vehicle

5) Leave etching cream for 2 to 3 minutes.

6) Wipe etched area clean with warm water and dry cloth.

**That's it! You're done!**

You have just significantly reduced the odds of your vehicle being stolen!
